Have you seen the news? Carnegie-Stout Public Library received a lot of good press in the last few months. US News & World Report ran a story about our Bicycle Library; the Washington Post featured our fine-free experiment, and the Telegraph Herald introduced their readers to Virtual Reality Wednesdays. We couldn't be prouder of Carnegie-Stout's dedication to remaining cutting-edge and relevant to our community.

None of these projects could have happened without people like YOU! Donations to the CSPL Foundation funded the Bicycle Library, fine-free experiment, Virtual Reality equipment, and several other worthy projects.

Can you help us do even more? This year, we'd like to invite you to donate, and we have a fun way to thank you if you do. Any gift of \$25 or more qualifies you for Carnegie Club membership. This entitles you to a number of perks including a custom library card, discounts at the library (on printing, copies, 3-D printing, book sales, etc.) and also local businesses. See the flyer for additional information.

We realize that you support many organizations, and we are honored to be among them. We also acknowledge that you receive a significant number of requests for support. It is my hope that you realize the impact that we can have on youth literacy in our community. I would like to thank you in advance for your consideration.

Should you have any questions, please feel free to contact a member of the Library Foundation Board.

Gratefully,

Paula Connors, Board President
Carnegie Stout Public Library Foundation
